ANNOUNCEMENT

RE: Nnamdi Madakor, P.Hg., P.G., Technical Program Manager

All of us at the Pollution Liability Insurance Agency (PLIA) hope you join us in wishing all the best to Nnamdi Madakor, Technical Program Manager, who has announced his retirement. During his more than thirty (30) years of public service which includes the expansion of PLIA's technical programs and leading PLIA's technical team, Nnamdi brought a collaborative and cooperative approach to the many complex sites that he managed. Many Washingtonians benefitted greatly from his thoughtful, systematic approach to cleanup oversight. We will miss his expertise, dedication, passion, and most of all, his generous laughter.

Upon announcing his retirement, Nnamdi shared the following with us:

“It is difficult, if not impossible to sum up the incredible achievements and difference we made collectively as a team here at PLIA. I am heartened to know that we have built an incredible and competent technical team here at PLIA, grounded in our value of hard work, dedication and public service to carry on the torch of technical excellence into the future as we endeavor to remove pollutants from our environment. Be strong my friends; stay focused and remain blessed!”

Please join us in congratulating Nnamdi on his retirement which begins August 2021.
